Executive Summary

As a Junior Software Developer with a Diploma in Full stack Software Development from the Code Institute, I bring a broad skill set in HTML, CSS, JavaScript, and Python to the table. Despite my extensive 10 years of experience in customer service and hospitality, I am still on track to complete my studies in June 2024. I am a valuable team player with strong communication skills and effective problem-solving abilities. My goal is to make an entry into the tech industry within an exciting development team where I can grow and **contribute**.
